

How to Draw a Nose

The trickiest small feature, made simple. Build a nose from a center line, nostril curves and soft shading — the same method portrait artists use.

Work in light pencil first — the pale guide lines are meant to be erased as your drawing takes shape.

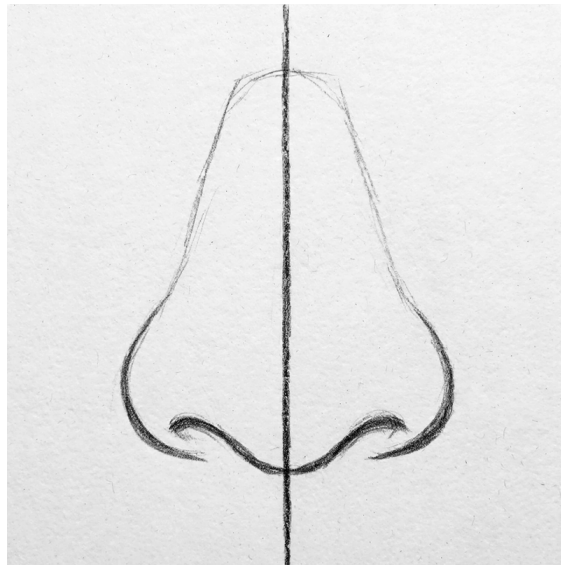

How to Draw a Nose

Step 1 of 10

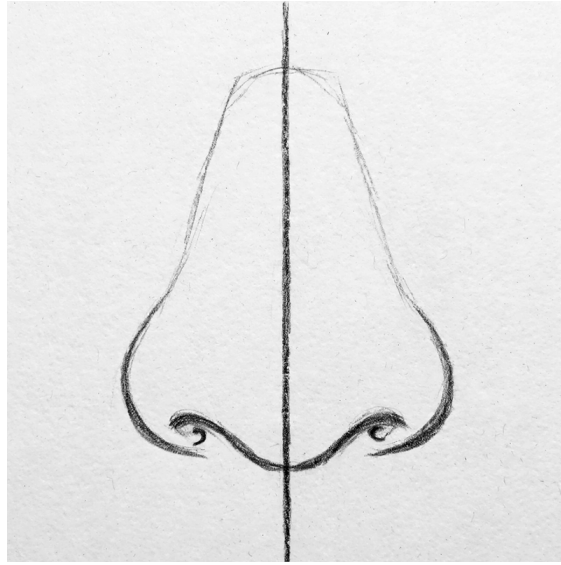

Draw a light vertical center line.

Step 2 of 10

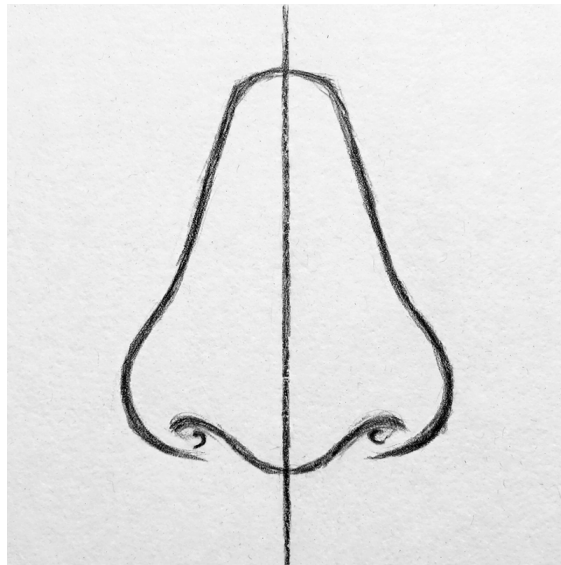

Draw the nostril wings curving out at the bottom.
